### THE TOP 25 PRODUCTS WE FEATURED IN 2017

BY NIGEL F. MAYNARD

**BETWEEN PRINT AND WEB**, we publish hundreds of innovative products in a given year. But while each has something to offer, some are more special than others. This month, we assembled an all-star panel of construction professionals to help us select the ones that stood above the rest.

Our inaugural MVP Awards recognize the products that our panel felt were the most innovative, important, and good-looking. The panel looked at the magazine's last five issues (Winter 2016 to July/Aug 2017), nominated about 75 products, and whittled them down to the 25 on the following pages. **P**
