A Flat Fee Commission will be paid upon closing and funding of the real estate. This Flat Fee Commission is based on 2.0% of the base price of the home (not including the lot). Please note the base price does not include upgraded selections. If more than one Broker/Agent registers the same customer/client, the commission will be paid to the Broker/Agent whose customer/client representation results in a showing and eventual sale of the Sublime home, wherein the Broker/Agent is present at the time of contract. In the event a closing does not occur, for any reason, no commission will be paid.

We at Sublime Homes truly value your participation in our Broker Registration Program and pledge to provide to you, the Broker/Agent, and your customer/client the highest level of service possible. It is our hope that you, the Broker/Agent, will work in conjunction with our staff to provide to your customer/client the most timely and relevant information regarding our homes and communities. Thank you!
